Mission Statement

New World School of the Arts is a Florida Center of Excellence in the Visual and Performing Arts. NWSA provides a comprehensive program of artistic, creative and academic development through a curriculum that reflects the rich multi-cultural community of Florida. The school empowers students to become state, national and international leaders in the arts, challenging them with innovative ideas as they prepare for professional careers in a global community. These principles guide intensive and rigorous education for talented high school and college/university arts students.

NEW WORLD SCHOOL OF THE ARTS FULFILLS ITS MISSION BY:

Providing a curriculum that enables students to develop a broad understanding of their roles as artists and citizens;

Maintaining a climate which reflects the rich ethnic diversity of the community;

Fostering opportunities for students to express their cultural heritage;

Nurturing respect for others;

Assuring a protective, supportive and challenging environment which fosters the development of each student's full potential;

Creating opportunities for students to demonstrate acquired skills and achievements;

Employing professional artists/teachers and an outstanding academic faculty;

Establishing technology as an integral component of each student's creative experience;

Assisting students in their transition into professional careers or additional study.

New World School of the Arts is a Florida Center of EXCELLENCE in the Visual and Performing Arts. NWSA provides a comprehensive program of artistic, creative and academic DEVELOPMENT through a curriculum that reflects the rich multicultural community of Miami. The school EMPOWERS students to become national and international leaders in the arts, challenging them with innovative ideas as they prepare for PROFESSIONAL CAREERS in a global community. These principles guide intensive and rigorous education for talented high school and college arts students.

New World School of the Arts was created by the Florida Legislature in 1984 as a Center of Excellence in the visual and performing arts. A unique collaborative venture of the University of Florida, Miami Dade College and Miami Dade County Public Schools, the school provides a comprehensive program of artistic training, academic development and preparation for careers in dance, music, theatre and visual arts.

New World School of the Arts is an accredited institutional member of the National Associations of Schools of Dance, National Association of Schools of Music, National Association of Schools of Theatre, and National Association of Schools of Art and Design. All academic programs are approved by the Florida State Department of Education and accredited by the Southern Association of Colleges and Schools. New World School of the Arts confers the Bachelor of Fine Arts and Bachelor of Music, the Associate in Arts, and the high school diploma through its institutional partners.

The artist faculty of New World School of the Arts, drawn from a local, national and international pool of talent, comprises individuals with established artistic reputations, professional expertise, and demonstrated commitment to the creative development of young talent. The low student/faculty ratio promotes a high level of individual contact and strong mentor relationships. Students are educated in a humanistic and personal atmosphere designed to foster mastery of traditional artistic forms while stimulating creativity and individuality.

Location

With a population of over five million people in South Florida, Miami is easily one of the most exciting metropolitan areas in the United States. Richly diverse with multi-ethnic influences in language, food, culture and the arts, Miami is a global city – one that will support and inspire your artistic exploration. Miami is home to the New World Symphony, the Adrienne Arsht Center for the Performing Arts of Miami-Dade County, the internationally attended Art Basel Miami Beach, and a multitude of dance companies including the Miami City Ballet.

New World School of the Arts is located in the heart of Miami. It is easily accessible by mass transit. Major cultural and recreational opportunities are located within walking distance in each direction of campus. The Miami-Dade County Cultural Arts plaza nearby is home to the Miami-Dade County Library, Frost Museum of Science, Historical Museum and (PAMM) Pérez Art Museum Miami. The American Airlines Arena and the Olympia Theater are hosts to a wide variety of events.

New World School of the Arts is located near major cultural, entertainment and government facilities in downtown Miami, a cosmopolitan city with an international flavor and a dynamic arts environment. Students have easy access to firsthand experiences in the arts, both as audience and participants. The South Beach art deco district, Coconut Grove, Brickell City Centre, the beaches and a wide variety of urban and suburban neighborhoods are just minutes away.

Admissions

Admission to New World School of the Arts is determined by a performance audition or a portfolio review. For detailed information, see the audition requirements for each division. Students may audition for more than one division, though the course of study is limited to one.

The programs, policies, requirements and regulations published in this catalog are continually subject to review in order to serve the needs of New World School of the Arts, and are subject to change as circumstances may require.

Minimum requirements for admissions:

- Audition/Portfolio review acceptance
- High School Diploma or equivalent
- GPA of 2.0 or better if transferring from another college/university

Steps to admissions to NWSA:

- NWSA application, official transcripts of high school and college work completed, two letters of reference, and statement of purpose
- Audition or portfolio review
- NWSA recommendation for admission based on audition/portfolio review
- Completion of admission process through Miami Dade College (freshmen) and/or University of Florida (juniors), including the \$30 application fee / \$37 UF application fee
- Florida residency proof
- International Students have additional requirements

To apply go to:

<https://nwsacollege.org/application/>

Transfer Students

Transfer students from accredited colleges and universities must provide official transcripts from each previous institution. An evaluation of credit course transferability is made after the student is admitted. The transfer process includes evaluation of the academic courses by Miami Dade College transcript evaluators, and of the arts coursework by the appropriate NWSA dean. Transfer credits are accepted only from accredited colleges and universities. Credit may be granted only for courses in which grades of "C" or better have been earned. Students who have taken courses in non-English speaking countries must have an official certified translation.

Retention in the Program

Retention in the program at NWSA is by invitation of the dean as recommended by the faculty. At the end of each semester students are evaluated through a jury process conducted by the dean and the faculty within each arts discipline. Students who are not being invited to return for the next college year will be notified in writing. Some students are invited back under specific conditions, which will also be given to the student in writing.

By the act of registering at NWSA, a student agrees to abide by the Student Code of Conduct of Miami Dade College and the University of Florida and by the procedures as set forth in the Student's Rights and Responsibilities Handbook of Miami Dade College. A student whose conduct on or off campus does not meet the standard of good citizenship may be suspended.

Re-admission

Students who have previously been admitted but have not registered for a period of 12 months or more and wish to return to NWSA must apply for re-admission. Students must re-audition or submit a portfolio and apply to NWSA including application, letters of references and all applicable transcripts, and also reapply to Miami Dade College, if re-admitted as a freshman or sophomore, or complete the University of Florida re-admission application, if re-admitted as a junior or senior.

International Student Admissions

Freshmen and Sophomores:

MIAMI DADE COLLEGE

Please refer to the website below and follow instructions.

<https://mdcwap.mdc.edu/admission/intmenu.aspx?newwin=Y>

You should begin the admission process at the earliest possible date but no later than three months before the start of the term for which you are applying.

Juniors and Seniors:

UNIVERSITY OF FLORIDA

Go on line to <https://www.applyweb.com/ufltrans/index.fll> and complete the Admission Application for Undergraduate International Students.

- Make sure your entire application is completed. Incomplete applications will not be processed. Indicate that you are a NWSA student by selecting MDC/NWSA under colleges attended. Make sure you include an e-mail address if you have one. They will communicate with you via e-mail when possible.
- When you submit your application, you will be asked if you would like to pay your \$30 application fee on line with a credit card. If you have a credit card, pay for it then. If you don't have a credit card, mail a \$30 check to: University of Florida, Box 2946, Gainesville, FL 32602-2946 with a copy of the front of your application. Print your name and University of Florida ID clearly (if you don't have one, write your social security) on the check or money order. Make sure you keep a copy of the application for your records.
- Request official transcripts from your high school (if you completed the foreign language requirement in high school) and any other colleges you have attended including Miami Dade College. If the institution can send the transcripts electronically, have them sent to the University of Florida code 001535. Paper transcripts should be sent to: Natasha Plunkett, University of Florida, P.O. Box 114000, Gainesville, FL 32611-4000. All transcripts must be official and come directly from the institutions, not you. Transcripts must be received by the deadline.

Deadlines to Apply

Fall Admission	July 15
Spring Admission	October 15
Summer Admission	March 15

-
- E-mail the Director of College Student Services at natkins@mdc.edu after you have completed all your paperwork. Failure to do this may result in denial of application by the University of Florida.
 - After you apply and send your transcripts, check the UF website to make sure all transcripts have been received by UF. Go to <http://www.admissions.ufl.edu/appstatus.html> and check the status of your application. Just because you requested your transcripts does not mean they were sent and/or received. It is your responsibility to make sure the process is completed and you are fully admitted.
 - You will be notified by mail when your application is processed. This notification will have your University of Florida ID # on it.
 - Go to www.gatorlink.ufl.edu and create a gatorlink account. Once you have created this account, you will be able to register, check grades, look at your degree audit, etc. Prior to registration, you will have to update your emergency contact information and complete the Registration Prep. Go to one.ufl.edu.
 - Once you are admitted, the office of International Students will send you an e mail requesting the Certificate of Financial Responsibility form. This form must include the official's signature with the stamp/seal of the bank (see back of form) or submit a certified bank statement/letter verifying funds. Please mail these documents to: Ethel Porras, University of Florida, P.O. Box 113225, Gainesville, FL 32611-3225.
 - You may purchase insurance by going to <https://shcc.ufl.edu/fees-and-insurance/>.
 - After the application process is completed, the transfer of I-20 from MDC to the University of Florida will take place. This process takes from one to two weeks.

Available to all applicants who qualify. Applicants who wish to apply may do so by completing the Free Application for Federal Student Aid (FAFSA) which can be obtained online at studentaid.gov. Applying for financial aid can be a lengthy process and therefore should begin as early as possible (forms become available October 1st).

Scholarships

New World School of the Arts awards scholarships based on merit as demonstrated by an audition or portfolio review. Scholarships are awarded upon recommendation of the faculty of the arts into which the student is admitted. Scholarships are awarded on an annual basis and are subject to specific terms and conditions to qualify for continued student eligibility. Aside from merit scholarships, New World School of the Arts students are also eligible to apply for scholarships offered to Miami Dade College and University of Florida students.

Visit the links below for more information on scholarships:

Miami Dade College: <http://www.mdc.edu/financialaid/scholarships/>

University of Florida: <http://www.sfa.ufl.edu/search/>

Orientation

NWSA conducts a week-long mandatory orientation for incoming students every August. First time entering college students and transfer students are required to arrive in Miami the week before classes start in order to attend orientation. The sessions include introduction to the faculty and staff, tours of the campus area, information sessions on academic and student services policies and procedures, individual academic advisement and course registration, a community service activity, workshops that will help students adjust to the new responsibilities and many social activities to help new students to connect with faculty, staff, students and the community at large. Carefully selected Orientation Leaders provide personal assistance to new students.

<https://nwsa.mdc.edu/college/new-student-orientation/>

Academic Advising

The assistant to the dean aids students in selecting courses and programs of study to satisfy their educational objectives. The Student Affairs Office is also available to help with this process. Students are advised each term.

Student Health Services

NWSA is not legally or financially responsible for medical care and does not provide the services of a physician. In case of an emergency during which a family member or emergency contact person cannot be reached, the student will be sent to a hospital at his/her own expense. Students are provided with an emergency contact and information card at the time of initial enrollment and asked to keep this information updated. All NWSA students are strongly encouraged to have medical insurance while attending NWSA. Some students can continue to be covered by their parents insurance while attending NWSA full-time. Student health insurance (basic major medical coverage) is available from several sources at reasonable rates.

http://nwsa.mdc.edu/college_parent_resources/insurance/insurance.html

Disability Student Services

Federal and State laws and regulations guarantee disabled students equal opportunity in post-secondary education. NWSA facilitates the provision of services to disabled students through the partner institutions. A wide variety of services is available in the form of assessment, tutoring, note taking, readers and specialized test taking conditions. The NWSA Director of College Student Affairs will determine the need for services to a student and then make a referral to the appropriate office. Lower division students (freshman and sophomore) are referred to the Miami Dade College, Wolfson Campus ACCESS Services Office. <https://www.mdc.edu/access/>. Upper division students (junior and senior) are referred to the Disability Resource Center at the University of Florida. <https://disability.ufl.edu/>

Student Housing

NWSA does not provide on-campus housing for students. NWSA, however, provides assistance in finding housing and roommates. The Office of College Student Affairs produces an updated NWSA Housing Listing each year, providing detailed information regarding housing in the Miami area, with maps, addresses, phone numbers and comparative information on rents, deposits, and leases. NWSA also helps students find roommates through an internal roommate referral service. Using the Roommate Finder form, NWSA makes referrals to help students select roommates before they arrive in Miami. <https://nwsa.mdc.edu/college/current-students/>

Identification Cards

NWSA students are provided with an official Miami Dade College identification card when they first enter the College. This card is the official ID for all College purposes, such as parking, use of the labs, access to the library, and purchase of metro-rail passes at the bookstore. Students must also secure a parking de-cal every semester before the semester begins. Students may request a University of Florida identification card during the fall of the junior year.

Bookstore

NWSA uses the bookstore located at the Wolfson Campus, Building #7, First Floor. The bookstore provides textbooks and other supplies as well as the academic regalia for graduation.

Libraries

NWSA students have access to a variety of library services and facilities. The Miami Dade College, Wolfson Campus library houses a library which is linked electronically to a large consortium of Florida libraries. Each NWSA division also has its own collection of books, periodicals and audio-visual resources. NWSA is located two blocks from the main branch of the Miami-Dade County Library, a major resource for South Florida.

NWSA students also have access to University of Florida Libraries electronic resources through VPN service. Directions for finding and using the VPN are here: <https://uflib.ufl.edu/using-the-libraries/off-campus-access/>

Student Activities

Student Activities are sponsored by the Student Government Association in order to provide students with co-curricular programming. SGA is active on social media sites Facebook and Instagram @nwsasga and @nwsaschool.

Student Government Association

NWSA student body elect officers for the Student Government Association every April. Officers are elected and serve for a two-year period. SGA officers and department representatives meet to discuss events as well as common concerns of all students. Joining SGA is a great way to make sure your voice is heard: <https://nwsa.mdc.edu/college/current-students/>

Black Student Union (BSU)

The purpose of the NWSA Black Student Union is to promote, educate, and exemplify the rich cultural heritage and unique diversity of the people of the African Diaspora. BSU was created for students at NWSA to recognize the importance and the need to unite people of color. BSU serves to educate, inform and involve all of the persons of the college community and the accomplishments, goals, and progress of black students and the progress of black people in general.

Student Health and Counseling Services

Student Health and Counseling Services focuses on the physical, emotional, mental, and spiritual aspects of health as it relates to each student. Workshops are offered throughout the semester. The counseling office is located in room #5423. The counselor is available by appointment. Please call 305-237-7379 or e-mail at azuccaro@mdc.edu.

In addition to the requirements of each division, students must take 36 hours of General Education courses. Students should review their degree audits frequently to make sure they are making successful progress toward the completion of the AA degree, which must be completed by no later than the end of the junior year.

Students who do not meet minimum requirements for full admission:

- Students who have completed all lower division arts requirements but do not meet the UF admissions criteria indicated above will have two additional semesters during which to meet those requirements while taking upper division arts courses.
- These students must complete a non-degree application and are considered OFA status.
- A student may attend UF in OFA status for two semesters only.

Deadlines to Apply

Fall Admission	July 15
Spring Admission	October 30
Summer Admission	March 15

To apply for full admission or non-degree (0FA Status), go to the NWSA website <https://nwsa.mdc.edu/college/current-students/>, under "Current Students", select "Apply to UF". Follow instructions carefully and make sure you complete all steps in the application process, including notifying NWSA Student Services. Failure to do this will result in denial of admission to UF. You will be notified by email and/or letter from UF with your student ID number when you are admitted.

The fundamental goal of the NWSA dance program is the development of a professional dancer qualified for high-caliber national or regional companies. Emphasis is placed on building a strong technical base, learning a wide range of styles and techniques, and developing skills and craft through performance. Only those with measurable ability or a high degree of clear potential will be admitted.

Students are accepted to the NWSA Dance Division through an audition. Dance majors participate in a program of classical ballet, modern dance, jazz and World Dance studies. The multi-cultural flavor of the city of Miami is reflected in the strength of the classes offered in Spanish dance, Afro-Caribbean dance and tap. Supporting these technical studies are courses in music, dance history, composition, anatomy, kinesiology & injury prevention, Pilates, acting for dancers, Laban and dance production.

Performance is integrated into the training process at all levels. NWSA dancers are encouraged to participate in the student choreography workshops, the annual Spring concert of works by faculty and guest choreographers, and the many performances presented by the New World Dance Ensemble.

Miami is fast becoming recognized for the strength of its cultural vitality and diversity, and the New World School of the Arts dance division plays a major role in fostering the talent and creativity of the young dance artists and choreographers of tomorrow.

Dance Admission and Audition Requirements

To be admitted to the Dance Division students must be accepted through an audition process. To prepare for auditions applicants are requested to wear appropriate dance attire. Please do NOT wear leg warmers, sweaters or jewelry. Men should wear black tights, jazz pants or sweat pants, white T-shirt and ballet shoes. Women should wear leotard, tights and ballet shoes. For the modern dance section applicants must be barefoot.

*New World School of the Arts has suspended in-person auditions due to the COVID-19 Pandemic. The Dance Division will be accepting video audition submissions for the 2021-2022 academic year October 1, 2020 through May 31, 2021. Audition videos may be submitted to the Dean of Dance, Mary Lisa Burns at mlburns@mdc.edu.

Applicants should refer to the video audition requirements through YouTube, <https://www.youtube.com/watch?v=ITuV9GVgFAE>. Videos will include an introduction of the applicant, a brief explanation of the applicant's reason for applying to NWSA, demonstrations of 3 dance styles and a one minute solo routine.

Criteria for Acceptance

1. Talent and potential as a performer. The successful candidate should demonstrate strong performing abilities.
2. Level and quality of training. Because the purpose of NWSA is to train professional dancers and choreographers, prior formal dance training is required.
3. Musicality.

The audition should be introduced in the following manner:

“My name is...; the first part of my tape is.. ”

NOTE: Technique MUST precede solo performance on the MP4 or YouTube link.

I. TECHNIQUE (approximately five minutes)

Brief demonstration of technical ability, as follows:

A. BALLET

- Center floor - Grand Adagio, including steps such as grands pliés, développés, promenades and pirouettes.
- Through space - Petit Allegro, including such steps as pas de bourrée, entrechats-quatre, sissonnes, glissades, pas de chats, brisés; Grand Allegro, including such steps as grand jetés, grand jetés entrechats (men should include double tours en l'air and entrechats-six).

B. MODERN

- In place - total body movement at all spatial levels demonstrating balance, extension, use of torso, isolations and control of off-center movement.
- Through space - combinations demonstrating turns, falls and elevation at slow and fast tempos.

II. PERFORMANCE (One minute in length)

A short solo dance, in either ballet, modern or jazz dance style. The solo may be from the classic or contemporary repertoire or be an original work composed by the student or a teacher.

SPECIFICATIONS FOR PREPARATION OF VIDEO

- All work must be submitted via email as MP4 or link to YouTube video.
- Musical accompaniment is preferable. Make sure that the sound can be heard clearly.
- The performance space should be large enough so that the performer's movements are not constrained.
- The camera should be placed sufficiently close to the performer so that positioning and movement of all parts of the body are clearly visible. The camera should frame the entire body at all times.
- The camera should remain in one location during filming and the work should be shot straight on. However, if the performance space is large, the camera may pan to keep the performer in view. Zooms are permitted, but only if the full body is kept in view.

3 Credits

This course will explore and develop an understanding of the vocabulary, technique and theoretical concepts of ballet on an intermediate level. Prerequisite: DAA2207 or permission of the department.

DAA3209 Ballet 3-2

3 Credits

This course is a continuation of DAA3208. It will explore and develop an understanding of the vocabulary, technique and theoretical concepts of ballet on an intermediate/advanced level. Further emphasis will be placed on advanced center floor combinations. Prerequisite: DAA3208 or permission of the department.

DAA3524 Tap

2 Credits

This course will explore and develop an understanding of the vocabulary, technique and history of tap.

DAA3614 Dance Composition & Improvisation 3

2 Credits

Students will use urban gestures and gestures inspired by nature as motivation for and, a springboard from which to investigate movement design. The course presents students with opportunities to explore movement design by understanding the dynamic inner space of the body in relation to its ability to shape and transform the space around it.

DAA3615 Dance Composition & Improvisation 4

2 Credits

This course is a continuation of DAA 3614. Continuing the study of choreographic design and compositional tools, this semester will focus on relationships in choreography, physically, spatially and emotionally. The students will have the opportunity to create, in a collaborative setting, a work inspired by a specific location, but created for the stage. Prerequisites: DAA3614

DAA3656 Repertory 3

2 Credits

Studies of varied repertory in both classical and contemporary works. An opportunity to develop rehearsal skills, and to experiment in movement styles ranging from classical to post-modern. This course may be repeated with change of content to a maximum of 4 credits. Placement by audition.

DAN3714 Kinesiology and Injury Prevention for Dance

3 Credits

This course provides a study of the body in motion and at rest against gravity. Appropriate information relating to the neuro-musculo-skeletal system and application to the moving dancer's body. Emphasis is placed on alignment and correct body placement for injury prevention. Prerequisite: DAN3724.

DAN3724 Anatomy for Dance with Lab

4 Credits

This course presents an overview of anatomy & physiology of the body.

It explains how certain anatomical structures and physiological processes interact to maintain a healthy and effective 'instrument' for the dancer. Emphasis is placed on the neuro-musculo-skeletal system and its function/dysfunction in dance.

DAN3725 Sculptural Anatomy Lab

3 Credits

This course will include creating the skeletal muscles in clay and applying them to a plastic skeleton. There will also be assignments relating to relative size and location of muscles to enhance the appreciation of the 3-dimensionality of the body when viewed or drawn in 2-dimensions. We will be studying the muscles of the body and building them by layers on the Maniken® skeleton model. By the end of the semester, students should have a deeper understanding of the contours of the human body as a result of studying what bones and muscles lie beneath the skin. Students will review appropriate information relating to the musculo-skeletal system and learn to apply it to the moving body. Emphasis will be placed on learning the skeletal muscle shapes, specific attachments and actions, and inter-relationships between muscle groups.

DAA3745 Pilates

2 Credits

The study of the Pilates method, a system for developing optimum strength, range of motion and energy efficiency for the dancer using exercises that focus on core stability and

alignment to train the entire body as an integrated whole. Attention to core support and full-body fitness, including the breath and the mind, provides a holistic balance for the dancer. This course of study includes both involved exploration of both the Mat and equipment repertoire.

DAA4110 Modern 4

3 Credits

This course includes advanced study and exploration of modern dance technique and its advanced theoretical concepts within the traditions of dance pioneers Martha Graham and José Limón. Prerequisite: DAA3209 or permission from the department.

DAA4111 Modern 4-2

3 Credits

This course is a continuation of DAA4110. It emphasizes the mastery of modern dance technique at an advanced level. The course combines movement artistry, quality, and phrasing with advanced technical skills. Prerequisite: DAA4110 or permission of the department.

DAA 4210 Ballet 4

3 Credits

DAA4503 Dance Production 1

2 Credits

This course prepares dancers to undertake all aspects of dance concert production including lighting, costuming, props, set designs, budget management and publicity. It is a two semester course. The first semester will be largely made up of classroom work, and the second semester will consist of hands-on experience in the theater. By permission of the instructor.

DAA4515 Dance Production 2

2 Credits

This course is a continuation of DAA4503. The project by the BFA candidates is designed to give them the experience of creating their own work and presenting it in a self-produced performance. The purpose of this performance project is to give the students a real life experience in

bringing a performance to the stage from conception through the creative process to its completion. Prerequisite: DAA4503.

DAE4300 Dance Teaching Methods

3 Credits

Students will learn the fundamental and necessary skills to design and teach, with confidence, a classical ballet class. Students will review correct terminology, relationship of class planning to music, and an understanding of a logical progression of exercises. The course will incorporate, lecture, written analysis of teachers, and active participation of students in exercises focusing on teacher demonstration and correction.

DAE4382 Practical Training

3 Credits

Students will implement skills acquired in DAE4300 to plan and teach a ninety minute ballet class. The course will include lecture, journal observations and participation in other student's classes. Each student will have a private session to review their planned class before they teach and receive a written critic from the instructor after they teach their class to fellow students.

DAN4930 Digital Design for Theater and Dance 1*

3 Credits

Lectures and hands-on labs with emphasis on technologically innovative uses of media. Students attain a performing arts foundation of the history and intersections of live performance with projection, film, video, art and interactive sound design through experimentation with current media tools.

DAN 4930 Digital Design for Theater and Dance 2*

3 Credits

A continuation of studies begun in DAN4930, with emphasis on technologically innovative uses of media. Students attain a performing arts foundation of the history and intersections of live performance with projection, film, video, art and interactive sound design through experimentation with current media tools. Prerequisite: DAN4930.

DAA4657 Repertory 4

2 Credits

An advanced course in the study of repertory, examining the role of the individual performer within the structure of the dance being learned. This course may be repeated with change of content to a maximum of 4 credits.

DAN 4905 Individual Study

1-3 Var. Credits

With the permission of the dean and a faculty member

DAN4930 Dance Performance Techniques (Special Topics)

3 credits

This course will explore various approaches to the art of solo performance. Using an array of improvisational techniques to open and sensitize the bodies' connection to "space as a partner."

DAN4930 BFA Intensive (Special Topics)

2 Credits

This course will introduce students to the BFA dance production process through individual exploration and col-

laborative participation. It will guide them in defining their participating role in the BFA production and through their initial process of creating their choreography.

DAA4930 Special Topics

1-3 Credits

With the permission of the dean and a faculty member.

TPP3281 Acting for Dance

2 Credits

This course addresses the complexities of interdisciplinary work; introducing the principles of acting technique which may be employed by the dancer when faced with scripted material. It is offered in the fall semester of the junior year.

The music division of New World School of the Arts trains talented young musicians and composers in a conservatory-style approach, stressing traditional and historical methods of music pedagogy while focusing an eye upon the present and the skills needed to be a musician of today. Instrumental students focus on technical and interpretive development as individuals and how to integrate those skills as both soloist and ensemble performer through frequent opportunities for performance. Semester by semester, they acquire a personal repertoire of works in multiple styles, and the versatility needed to perform such a wide range of works.

Vocal students focus on bel canto vocalism, expressive communication of text, and acting. Special attention is given to preparation for auditions and competitions and development of a personal repertoire of concert, sacred, symphonic and operatic works. As students mature vocally, they perform frequently in public to build confidence and to expand their interpretive and theatrical skills. The New World School of the Arts opera program provides undergraduate singers the opportunity to perform roles in an annual fully-produced and staged opera production and an annual scenes program. All roles are cast with students in the program, providing young performers unique stage opportunities.

Piano students prepare for careers as performers and/or to advance to further study at the graduate level. The piano faculty teach a broad range of established repertoire and technique that trains pianists to be confident and expressive performers as well as knowledgeable, well-rounded musicians. Students develop ensemble skills through chamber music and other shared performance experiences and a basic knowledge and understanding of pedagogical methods and practices.

Composition students study the fundamentals of technique, styles and devices throughout the history of Western music to contemporary art music. Utilizing traditional methods and technology students are encouraged to find and express their individual style and voice through composition. Through regular forums and master classes and performance opportunities, students stay current in the field and are given the opportunity to present their compositions in public performances.

The New World School of the Arts Department of Music is an accredited institutional member of the National Association of Schools of Music (NASM).

The Theater Division of the New World School of the Arts is dedicated to the professional training of exceptionally talented and committed students interested in pursuing performing careers on stage, screen, and other media. As a conservatory, the primary focus is to guide students towards the attainment of the highest professional level of training and performance that they are capable of achieving.

The BFA theatre performance curriculum, with its emphases in acting and musical theatre, is designed to enable students to meet the demands and rigors of professional theatre.

The Acting emphasis focuses on the fundamentals of physical and emotional preparation and on the achievement of truthfulness and expressive power in performance. Additionally, students develop a broader range of skills and knowledge through training in multiple methodologies, including Stanislavski-based acting techniques, improvisation, mask work, movement, voice and speech, commedia dell'arte and Shakespeare. The acting students develop and apply their performance skills in studio and mainstage productions.

The musical theatre program is integrated into the acting training with additional coursework in music theory, singing, dance for the theatre, musical theatre history and musical theatre styles. Specifically, the musical theatre students have dance classes in ballet and jazz; private applied voice lessons, vocal ensemble (music theory), musical theatre workshops, musical theatre history and musical interpretation for performance. The program prepares the aspiring professional performer to deal comfortably with an ambitious musical theatre repertory centered on twentieth and twenty-first century material. From Berlin to Sondheim, Gershwin to Bernstein, Weill to Porter and Webber to Kitt and LaChiusa, the students hone their skills in private voice lessons, vocal ensemble classes, musical theatre workshops, and on stage in studio and mainstage productions.

A visiting artists series constitutes an important part of both the acting and musical theatre programs. Guest composers, voice teachers, choreographers, playwrights, directors, acting coaches, casting agents and artistic directors expose our students to current and new trends in theatre, film, and television.

First Year: the Discovery Year

All NWSA first year acting and musical theatre students are placed immediately into a two-week rehearsal process for their Discovery Project on the first day of classes. This project is designed to build an ensemble connection in the cohort and to introduce students to the rigors of a rehearsal process. The first year acting faculty member and/or the dean directs the cohort of students in a 25-30 minute performance, developed by the class and performed solely for the faculty and students in the Theater Division. First year students perform the Discovery Project at the beginning of the year and juries at the end of each semester for all faculty and students. Acting

students begin their three-year voice and movement course sequence and take a class in improvisation. Musical theatre students begin their coursework in music theory and vocal skills (vocal ensemble, piano, private applied voice) and dance. In the spring, acting and musical theatre students begin the scene study course sequence. In addition, the Discovery Year is designed to introduce the first year actor to the fundamentals of acting training and foundation of theatre as an art form and craft.

Sophomore Year: the Character Year

The focus of the second year is on the development of characterization. All sophomore acting and musical theatre students are required to perform in the Sophomore Project (a studio play production) during their fall semester. The material selected for this project stretches the student's imagination, creativity, and acting technique while simultaneously continuing to build a strong connection to the ensemble. Faculty members introduce students to the rigors and demands of the rehearsal process to develop the intense, personal discipline they will need as a professional performer. This project has evolved over the years from an evening of one-act plays to a full-length studio production of a published play, open to the public for one weekend with two evening performances. Acting students continue their coursework in voice and movement, while musical theatre students continue music and dance coursework and begin the musical theatre workshop course sequence. Advanced scene study continues in the fall semester for both emphases, and acting students explore mask characterization. In the spring semester, acting and musical theatre students continue their training in characterization, specifically focused on modern realism, and have the opportunity to perform in the mainstage musical production in an ensemble role. Acting students take a final advanced scene study class focused on clowning. Musical theatre students continue their music, dance, and musical theatre workshop classes, and perform in the combined sophomore/junior studio musical production.

Junior Year: the Classical Year

The focus of the third year is on classical work. As in the second year, all junior acting and musical theater students are required to perform in a studio play production in the fall semester Junior Project, with all acting coursework designed to support the production's classical and/or stylized text. Acting students dig deeper into heightened text and style in voice and movement and actors workshop courses. Musical theatre juniors complete the musical theatre workshop sequence, continue their applied voice and dance courses, and in the spring semester perform leading roles in the combined sophomore/junior studio musical production. Additionally, all juniors are required to audition for all mainstage productions. All juniors earn credit for their work in the rehearsal and performance processes of a mainstage or studio production by enrolling in Production Practicum (TPA 4946).

Senior Year: the Transition Year

The final year of study is focused on readying students for performing careers in professional theatre upon graduation. All acting and musical theatre seniors are required to audition for and perform as cast in the mainstage season productions, other studio productions or independent student projects. Technique classes culminate with two semesters of Repertory Company (TPP4952/4953), focused on student performance in season productions, and the Miami and NYC senior showcase in the spring. Under this umbrella course, acting students also train in advanced movement, speech, and dialects. In addition to the three college productions in the

mainstage repertory season (one play in the fall semester and a musical and a play in the spring semester), all seniors take a one semester senior project course (THE 4959) that serves as the capstone to the degree. The senior project is the composition and performance of a 15-20 minute one-person show (OPS), which is produced and performed during the Theater Division's One Festival. Each student works closely with a faculty advisor who coaches the student through the research, script development, rehearsal and performance process (*see Section II. B.3 for description of competencies and process*). Many of the Theater Division's one-person shows have gone on to further life and development in professional venues throughout the region. Additionally, musical theatre seniors are required to perform in a final cohort BFA senior recital. To reinforce student preparation for professional careers upon graduation, all acting and musical theatre students participate in audition showcases for professional casting directors and agents in Miami on campus and in New York City. In 2021-2022, a virtual showcase for the Atlanta market was added.

By the time NWSA BFA theatre students graduate, they will have created and performed in their own one-person show; performed a significant role in at least one NWSA mainstage production, performed in several studio productions, and worked behind the scenes on four mainstage shows. Students are also encouraged to direct independent student studio productions, with space and royalty costs provided by the Theater Division.

The New World School of the Arts Department of Theater is an accredited institutional member of the National Association of Schools of Theatre (NAST).

Theatre Audition Requirements

Applicants to the New World School of the Arts BFA Acting or Musical Theatre have two options to follow.

All NWSA applicants must apply directly to NWSA by completing the New World School of the Arts, Online Application at <https://nwsacollege.org/application/>.

Option 1 – Preferred

Prescreen Video Auditions

Applicants to the BFA Acting or Musical Theatre programs submit prescreen materials through Acceptd. Selected students will be invited to participate in a callback in-person audition.

New World School of the Arts Theater Division participates in the [Musical Theater Common Prescreen \(MTCP\)](#). We strongly encourage that you take advantage of these resources which have been thoughtfully and intentionally crafted by the expertise of multiple programs nationwide to support the excellence of the audition and for your benefit. View the [MTCP Resources Page](#).

[Submit Prescreen Materials via Acceptd](#)

Audition Requirements

The song and monologue audition requirements below apply to both prescreen video submissions and in-person callbacks. You may choose to present the same material for both prescreens and callbacks, or present new material that fulfills the requirements.

For full details regarding the Introduction, Songs, Monologues, Dance, Ballet, and Wild Card for auditions, please visit <https://nwsa.mdc.edu/apply/college/theater-audition/>.

Option 2 - Alternative Method

Student transfer applicants from MDC, other transfer students and those with other special circumstances should contact the NWSA Theater Division office for direct guidance and the option of directly submitting a video audition or participating in a live audition with permission of the dean. The song and monologue audition requirements listed above will still apply to both video submissions and in-person auditions. For further information contact Natalya Rogers: nrogers@mdc.edu 305-237-3260.

The Visual Arts program of New World School of the Arts offers professional preparation to exceptionally talented students planning to pursue careers in the fine arts or design.

Our program is predicated on the belief that making art comes from the expression of personal passion and unique vision. It is in this context that we have created our curriculum. Courses have been designed to encourage creative thinking and skill development and to help prepare you to succeed professionally in a highly competitive world as emerging fine, graphic and multimedia artists. NWSA offers majors in drawing, digital media, graphic design, painting, photography, printmaking and sculpture. Students who complete the Bachelor of Fine Arts degree in Visual Arts are also granted a minor in Art History.

Professional artists with established artistic reputations will guide you on this journey. Their commitment to teach in our program is based on their recognition of the intense creative potential inherent in each of our students.

SUBMISSION OF PORTFOLIO AND APPLICATION:

The complete application packet must be submitted on-line.
Submissions should be made at <https://nwsacollege.org/application/>

Portfolios must be submitted on-line, the requirements are as follows:

- 5 observational drawings/figure drawings
- 5 pieces that represent the applicant's interest in their desired major: Art & Technology, Drawing, Graphic Design, Painting, Photography, or Sculpture.
- 10 pieces of personal work that reveal the applicant's creative spirit, sense of design, technical skill and experimentation.

Once digital portfolios are reviewed, NWSA will contact those students that have been recommended by the faculty to move forward in the acceptance process. At this time you will schedule a personal interview. Original artwork is required and a sketchbook is recommended. Portfolio interviews are required of candidates residing in South Florida. Candidates who apply from outside South Florida will be required to have a phone interview.

Course Descriptions

FRESHMAN AND SOPHOMORE COURSES

ARH2050: Art History I 3 credits

A world survey of the visual arts from prehistory to 800 A.D.

ARH2051: Art History II 3 credits

A world survey of the visual arts from 800 to 1850 A.D.
Prerequisite: ARH 2050.

ART1202C: 2-D Design 3 credits

This course is designed to give students an understanding of advanced concepts of two-dimensional design and to give hands on opportunity to transform visual and experiential information into two-dimensional form. Creative individual thinking and image making and successful problem solving both aesthetically and technically are ultimate goals.

ART1300C: Drawing 3 credits

Basic problems in freehand drawing, including perspective, still life and landscape. Emphasis is on developing a sense of structure through line, form and texture.

ART1330C: Figure Drawing 3 credits

Drawing and painting from the live model with emphasis on structure, movement and expression.

ART1803C: Workshop for Art Research and Practice 6 credits

Interdisciplinary, team-taught, introductory studio experiences in a wide variety of media. In-depth exploration of creative processes principles of artistic integrity and the nature of artistic meaning.

ART2302C: Advanced Drawing 3 credits

An explanation of varied approaches to drawing through studio problems. May be repeated for credit.
Prerequisites: ART1300C, 1330C.

ART2400C: Printmaking 1 (Intaglio) 3 credits

Basic techniques of printmaking including relief prints (wood cut and wood engraving), intaglio (dry point and etching) and lithography.
Prerequisite: ART1202C or 1300C.

ART2401C: Printmaking II 3 credits

Advanced techniques in printmaking.
Prerequisite: ART2400C

ART2500C: Painting I 3 credits

Studio problems in painting involving contemporary styles, techniques and materials.
Prerequisite: ART1202C or 1300C.

ART2501C: Painting II 3 credits

Advanced techniques in painting.
Prerequisite: ART2500C

ART2600C: Computer Art 1 3 credits

This course is an introduction to basic theory and skill techniques of visual communications using computers. It gives students a basic understanding of technical devices for the electronic production of visual images.
Prerequisites: ART1201C, ART1300C.

ART2601C: Intermediate Computer Art 3 credits

An intermediate computer art course focusing on the integration of computer technology with traditional design and fine art media such as illustration, painting, printmaking and photography.
Prerequisite: ART2600C

ART2602C: Advanced Computer Art 3 3 credits

An advanced computer art class which focuses on new and emerging computer technology utilizing multiple platforms to produce advanced computer art portfolio assignments in illustration, fine art, 2D animation and digital photography.

ART2701C: Sculpture I 3 credits

An introduction to sculpting techniques and materials.
Prerequisite: ART1202C or 1300C.

ART2802C: VAW 3 credits

Special Studio Topics including methods, materials and theory related to specific studio processes.
May be repeated for credit.

ART2802C: Visual Arts Workshop (Portrait Sculpture) 3 credits

Special Studio Topics including methods, materials and theory related to specific studio processes.

ART2802C: Visual Arts Workshop (Web Design) 3 credits

Special Studio Topics including methods, materials and theory related to specific studio processes.

ART2802C: Visual Arts Workshop (Typography) 3 credits

Special Studio Topics including methods, materials and theory related to specific studio processes.

ART2802C: VAW (Monotype) 3 credits

Special Studio Topics including methods, materials and theory related to specific studio processes.

GRA2190: Communications Design I 3 credits

Problems in advertising design involving layout, lettering, current studio media, and reproduction processes. Prerequisites: ART1202C or 1300C.

GRA2191C: Communications Design II 3 credits

Advanced problems in commercial art concentrating on layout, mechanical art for reproduction and illustration technique. Prerequisite: GRA2190C.

PGY2110C: Color Photography I 3 credits

An introductory course in the making of Type C photographic prints, including the darkroom techniques of developing color film, color filtering, color balance and density control. There will be an exploration of significant contributions to the aesthetics of color photography. Students must provide their own cameras, film and photographic paper. Prerequisite: PGY2401C.

PGY2401C: Introduction to Photography 3 credits

Fundamentals of black and white photography as an art medium with emphasis on composition, design and processing. Students will supply their own camera, film and paper. Prerequisites: ART1203C, 1300C, or equivalent.

JUNIOR AND SENIOR COURSES

ARH4450: Early Twentieth Century Art 3 credits

European and American art from Post-Impressionism to 1945. Emphasis on painting and sculpture.

ARH4471: Late Twentieth Century Art 3 credits

Main movements in international art since about 1970 to the present. Focus is on the theory and various expressions of Post-Modernism.

ART3310C: Color Drawing 3 credits

Explores color theory and color usages in drawing. Emphasis on techniques, strategies and materials. Prerequisites: ART2305C and ART2374C

ART3332C: Figure Drawing II 3 credits

Comprehensive study of the figure from observation of live models. Study of anatomy, composition, conceptual strategies. Prerequisites: ART2330C

ART3380C: Experimental Drawing 3 credits

Exposure to unfamiliar materials and techniques both antique and modern. Invention strategies and contemporary motivating factors explored.

ART3381C: Sketch Journal 3 credits

This course is taught exclusively though the activity of sketchbook/journal drawing. This course places emphasis on observation, organization and conceptualization.

ART3420C: Printmaking Lithography 3 credits

This course covers processes on stone and plate with crayon, tusche wash, Xerox transfer, frottage (rubblings), and litho ink. The expectation is for a cumulative development of a suite of five prints based on the student's individual interest. The semester begins with a basic approach to image making that introduces students to various technical processes and to a studio narrative approach in which

students devise their own field of interest. Lectures, demonstrations and field trips to centers of arts to view print collections are integrated into the course. Assignments are based on contemporary concerns relating to figurative, still life and landscape.

ART3433C: Screen Printing 3 credits

This course explores uses of multiple color printing generating screens with hand mark-making tools and photosensitive processes. Projects encourage collaborative endeavors, working on different surfaces and distributing imagery outside of classroom environments.

ART3442C: Printmaking Intaglio 3 credits

This course covers the major acid etching processes including working on zinc and copper plates in black and white and color. Non-acid techniques like engraving, drypoint and mezzotint are introduced along with multi-color plate methods.

ART3462C: Print Photo Process 3 credits

This course explores positive/negative photo processes and imagery from electronic/computer manipulations. Photogravure is extensively explored. Projects encourage students to expand on work already in progress from previous studio courses

ART3504C: Painting Structure and Transformation 3 credits

This course focuses on exercises and projects in advanced compositional theories with emphasis on spatial plasticity in painting. The course encourages improvisation and innovative in terms of pictorial decision-making. Much of the course is perceptually based and uses the life model. Discussion sessions center on the analysis of formal relationships.

ART3522C: Painting Exploring the Series 3 credits

This course introduces the painting student to the possibilities of working in a series format. The course examines connections between improvisational skills and concentrated research. The objective is to create relationships between artworks and ideas through the production of a cohesive body of works stressing the development of a personal vocabulary of form and content.

ART3560C: Figure Painting 3 credits

This course involves investigations of descriptive painting from the human form, via the live model. Issues of light, space and color interaction are stressed. The objective is reach competency in descriptive painting of the human form in space through alla prima as well as fully staged paintings.

ART3561C: Projects in Painting Experiments in Media 3 credits

Students contract with their instructor to create a body of work in painting. In this process, students experiment with materials and methods related to the discipline of painting.

ART3616C: Digital Art and Animation 3 credits

An intermediate class that explores principles and concepts of animation using traditional methods, digital imaging, and contemporary 2D and 3D software applications. Lectures, demonstrations, screenings and readings provide students with the opportunity to integrate concept, concept, form and technology to explore the possibilities of animation.

ART3711C: Sculpture Materials and Methods 3 credits

Problems in sculptural form and composition. Work in plaster, clay, metal and other materials.

ART3712C: Sculpture Concepts and Strategies 3 credits

Continuation of ART 3701C. Emphasis upon sculptural materials. Mixed media, metal fabrication and casting.

ART3730C: Machine Sculpture 3 credits

This course is a required course for sculpture students taught through the electronic media area. This course explores the boundaries of physical and electronic media including the use of sound, light, computers and

motion in sculpture. Students are introduced to the possibilities involved in incorporating electronic and mechanical equipment into sculptural or installation work. Assignments covers a range of equipment from the use of simple wiring and audio/video configurations, to more complex switches and computer triggering. The course also addresses the cultural references engendered by the presence of this equipment and its effect on content. Students are exposed to a number of artists using light, motion, electronics and computers in their work.

ART3768C: Ceramic Sculpture II

3 credits

An investigation at the intermediate level in experimental sculpture processes using fired clay, plaster, and latex mold-making as well as technical and aesthetic explorations with large scale works. Historical and contemporary precedents of ceramic sculpture are presented. Concept development and expression through sculptural form are core elements in the course.

ART3807C: Interdisciplinary Studio

3 credits

This course involves a semester-long project intended to connect various studio areas.

ART3842C Performance and Installation

3 credits

An exploration of the complex relationships existing among object, body, site, space and architecture using various

visual media in the creation of installation and performance art.

ART3959C: Video Art

3 credits

This mid-level studio intensive course explores digital video through lectures, demonstrations, screenings and reading with a specific overview of concepts and techniques integral to video. Emphasis is on conceptual and experimental forms, rather than on conventional narrative.

ART4312C: Advanced Drawing

6 credits

Emphasis upon individual and creative expression.

ART 4402C: Advanced Printmaking

6 credits

This course stresses the development of an individual philosophy and personal imagery. Students are permitted to take independent studies in Advanced Printmaking when all other printmaking courses have been successfully completed. Course content is developed with the student's interest, talents and needs in mind.

ART 4505C: Advanced Painting Studio

6 credits

This course allows the student to explore in depth traditional and/or experimental approaches to painting. The course attempts to foster observation and interpretation skills through the writing and speaking about painting. Issues of relevant theoretical concerns and the cultural significance of the painting media are addressed.

The course also attempts to develop an awareness of and understanding of professional practices. The objective is for the student to develop, through research and practice a personal vocabulary of imagery and ideas regarding painting.

ART4612C Digital Media Workshop

3 credits

Bridges the study of digital media and the broadly envisioned professional practices in the field. Emphasis on portfolio and project development for the transition to advanced study, or professional, expressive or applied practices in integrated media.

ART4630C: Video: Film

3 credits

Focus on the completion of larger scale student-directed projects with a special emphasis on pre-production planning, advanced editing techniques and experimentation.

ART4639C: Experiments in Digital Media

3 credits

This class will be a special topics class that will explore new forms of digital media production. The class will change on a yearly basis to reflect emergent forms in digital media.

ART4710C: Advanced Sculpture

6 credits

Advanced problems in sculptural form with further development of processes and techniques.

Prerequisite: ART3711C, ART3712C

ART4930C: Special Topics in Studio Practice 3 credits

Rotating special topics in studio art and studio practice.

ART4940: Internship 3 credits

Supervised practical experience with an art, graphic design or museum facility according to an approved program. Special seminar and evaluation sessions with faculty adviser and art facility manager. Visual verification of artistic qualifications for BFA degree. Preparations and activities (exhibition, portfolio, installation, etc.) to be determined in consultation with faculty adviser.

ART4955C: Senior Project II 3 credits

Continuation of Senior Project I

DIG3110C: Imaging Processes 3 credits

Advanced 2D imaging processes will be explored from a conceptual perspective. Use of traditional and digital sketchbook, scanners, cameras, and other input devices and processes will be explored as well as a variety of challenging output options. Focus is on "out of the box" exploration using two-dimensional media.

ART3632 Hypermedia 3 credits

An exploration of the practical and theoretical issues related to the Internet as a medium for making art rather than as a tool for delivering information. Emphasis on creating dynamic and interactive experiences on the Web,

and integrating video, graphics, sound, image and typography.

GRA3193C: Design Visualization and Creativity 3 credits

Creative thinking and form making in design. Emphasis on visual invention and compositional dynamics.

GRA3194C: Technologies and Processes 3 credits

Training in tools and materials of graphic design, including printing processes, computer and video processes, photographic and electronic media.

GRA3198C: Image, Form and Meaning 3 credits

Emphasis on development of concepts, metaphors, narratives and visual translations. Projects in line art, screen process, photography and color.

GRA3209C: Typography 2 Composition 3 credits

Explores the visual organization and integration of typographic information with images in printed documents. Nomenclature, mechanical processes, design and historical contexts are emphasized.

GRA4186C: Senior Design Studio 3 credits

Emphasis on self-directed design, research and study leading to the development and realization of complex design projects. Public dissemination of final projects.

GRA4187C: Design Workshop 3 credits

Bridges the study of design and professional practice. Emphasis on practical graphic design issues applied to real-world experiences.

GRA4196C: Design Ideas and Style 3 credits

Special emphasis on history and theories of graphic design, including innovations and contemporary issues.

GRA4197C: Graphic Design Visual Systems in Design 3 credits

Self directed complex and integrated design projects.

PGY3444C: Photography Black and White 3 credits

Fundamentals of photography. Operation of camera. Developing, printing, and enlarging. Principles of photography as a means of personal expression.

PGY 3801C: Digital Photography 3 credits

Studio methods and techniques in creating still images using electronic digital technology.

PGY4420C: Advanced Photography 3 credits

Use of the camera as a medium of individual creative expression. Experimental projects in black and white and color photography.
