

University of Florida – Transfer Admission Process

Why are you applying to University of Florida (UF):

- Per our partnership with UF to award baccalaureate degrees to our students, you must be enrolled as a student at UF. This process is to get you admitted and into the UF system.

Preferred application deadline: May 31st.

- This date gives you time to work through any possible issues and still meet the July 15th deadline.

Materials / info to have:

- **Electronic, unofficial transcripts.**
 - Login to your MDCconnect portal for MDC transcript. Instructions are here: <https://www.mdc.edu/transcripts/unofficial.aspx>
 - Any copies of external exams (AP, IB, CLEP, SAT, etc.) are also useful.
 - Official transcripts (high school, college, exams, etc.) will be requested and/or sent by student later.
- Gather any documents (at least two) needed to prove Florida residency for tuition purposes, such as **electronic copies** of your parent's driver's license and voter's registration card. You'll want to upload the copies during the admissions process. More information is located here: <https://admissions.ufl.edu/cost-and-aid/residency>
- Know your own citizenship status
- A quick, 200-word statement on what skills / values you hope to obtain by completing your degree in chosen major, and how do you plan to apply those. A good idea is to use your prior NWSA application statement, if you still have it.

Quick tips:

- You may save the application as you progress. You can exit and enter the application later.
- The application will NOT allow you to move forward with next portions of the application until all areas of the current section have been completed.
- There are notes highlighted on each page of the file to help guide you through the application.
- If you have issues during the process, you may contact UF Admissions at 352.392.1365 or visit <https://admissions.ufl.edu/contacts#admissions>.

To start your application:

Visit <https://www.applyweb.com/ufltrans/index.ftl> and select **Getting Started** to create your account.

Once your account is verified (check your email), you will be directed back to <https://www.applyweb.com/ufltrans/index.ftl> to **Apply Online**.

What happens after you submit the application?

- Watch your email! You'll be notified about the status of your application by UF directly.
- Review the transfer admission checklist at <https://admissions.ufl.edu/apply/transfer/after-being-admitted>. Of course, not all options (such as housing, immunization or transfer orientation) may pertain to you, but if it is helpful with the following:
 - Creating your GatorLink credentials and account.
 - NWSA will request your GatorOne card at a later date.
 - Sending any AP, IB, AICE, or other external test scores.
 - Sending your high school transcript and any prior transcripts from other colleges and universities to UF
 - Remember – dual enrollment credits, while on your high school transcript, must be requested from the college / university offering the course(s).
- Inform your Advisor or Director of Student Services that you've completed the application.
 - If applicable, we will request your that your electronic MDC transcript to be released to UF.
 - **Note:** This is a special request only between MDC and UF during this transfer admission process. Transcript requests to / from other institutions must be done by the student.
 - There are times when UF may request a paper transcript, and this may need to be requested by the student.
- Remember - this process is to get you into UF's system. You may be required to complete a transient application later, and if so, we'll explain the process to you.
 - Learn more about the transient process here: <https://www.sfa.ufl.edu/process/additional-information/transient-students/>
- **International Students:** Depending on whether you'll need to be a transient student first, you may not need to transfer your paperwork immediately. After confirming with your NWSA Advisor, you may contact an International Student Advisor at UF (based on first letter of student's last name) for assistance.
 - Visit the International Student Services page at UF: <https://internationalcenter.ufl.edu/f-1-student/contact-advisor>

Be sure to truthfully answer the questions.

Conduct Disclosure

 If your records have been expunged, you do not have to answer Yes. However, if you are unsure whether this applies to your situation, you should answer Yes and fully declare the incident(s) to avoid any risk of disciplinary action or revocation of an admission offer.

> At the University of Florida, all references to criminal history in admissions applications are separated upon receipt and applications are reviewed for admission without awareness of whether the applicant checked the box related to criminal justice history. A separate team of specially trained University professionals on campus security and consultation assessment will evaluate whether a past criminal offense would justify a denial of admission and make a recommendation to the Director of Admissions.

Simply acknowledging a prior criminal history is not necessarily a bar to admission and applicants with a criminal justice history should not be discouraged from applying.

Are you currently or have you ever been charged with or subject to disciplinary action for scholastic or any other type of misconduct at any educational institution?

Self-Reported GPA Calculation

If your bachelor's degree was or will be received from an international institution or if your U.S. institution does not use a traditional grading system, please check here and continue on to the next section.

Undergraduate Grade Point Average Calculation Guidelines

Applicants for transfer admissions at the University of Florida are required to compute their college-level grade point average, unless your institution uses a non-traditional grading system. This GPA will be verified by the university. An accurate self-reported GPA will help to expedite the processing of your application.

Please use these guidelines:

Simply enter the number of A's, B's, C's, etc. from your MDC transcript.

- Please report the total credits for each grade listed on your transcript(s).
- This GPA calculation includes all coursework completed. Do not include courses that were dropped or courses that do not award letter grades (e.g., satisfactory / unsatisfactory grades). However, if you have repeated a course, both grades must be included.
- When the GPA is computed, the result is truncated after the first decimal place.

Read instructions about reporting GPA. **Note:** MDC uses semester hours, not quarter hours.

Converting quarter hours to semester hours:

- If all hours were earned at institutions using only quarter hours, you do not have to convert to semester hours but may use quarter system credit hours to complete the calculation.
- Do not combine quarter credit hours with semester credit hours; instead, convert quarter hours to semester hours using the following conversion: 1 quarter hour = 0.67 semester hour, 2 quarter hours = 1.33 semester hours OR 3 quarter hours = 2 semester hours. Example: 25 quarter hours = 16.67 semester hours.

UF Application for Transfer Admissions

If you are under the age of 24, remember that you'll need your parent/guardian's info and electronic copy of relevant documents. Document types are listed in application.

Florida Residency Declaration

> A Florida "resident for tuition purposes" is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residency in Florida for at least twelve (12) consecutive months preceding the first day of classes of the term for which Florida residency is sought. Residence in Florida must be a bona fide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education. To qualify as a Florida resident for tuition purposes, you must be a U.S. citizen, a foreign national in a nonimmigrant visa classification that grants you the legal ability to establish a bona fide domicile in the United States, a permanent resident alien, parolee, asylee, Cuban-Haitian entrant, or legal alien granted indefinite stay by the U.S. Citizenship and Immigration Services. Other persons not meeting the twelve-month legal residence requirements may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature pursuant to section 1009.21, Florida Statutes. All other persons are ineligible for classification as a Florida "resident for tuition purposes."

Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend upon out-of-state parents for support are presumed to be legal residents of the same state as their parents. Residency for tuition purposes requires the establishment of legal ties to the state of Florida. A student must verify that the student has broken ties to other states if the student or, in the case of a dependent student, his or her parent has moved from another state.

Qualification by Exception

If you do not meet the above criteria, you may qualify for residency based on an exception. Please check if one or more applies.

I now have established legal residence and intend to make Florida my permanent home. (Required: Copy of marriage certificate and/or other documents required to establish residency.)

Do you qualify as a resident for tuition purposes?

Yes

Required Information for Florida Residency

I qualify as a resident for tuition purposes, as defined by s. 1009.21, Florida Statutes, for the term for which this application is submitted. I understand that it will be necessary for me to present evidence of residency for tuition purposes, supporting my claim as a Florida resident for tuition purposes.

Qualifying as a Dependent or Independent Student

1)(a), Florida Statutes, is someone who can be claimed as a dependent under the federal income tax code by the claimant. The claimant is my "parent" as defined by s.

1009.21(1)(f), Florida Statutes, (i.e., either or both parents of the student, any guardian of a student, or any person in a parental relationship to the student). My parent has maintained legal residence in Florida for at least the past 12 consecutive months. As defined by *section 1009.21(1)(d), Florida Statutes*, "legal resident' or 'resident' means a person who has maintained his or her residence in this state for the preceding year, has purchased a home which is occupied by him or her as his or her residence, or has established a domicile in this state pursuant to s. 222.17." If you are a dependent student then a copy of your parent's tax return may be requested to establish dependence.

An *independent student*, as defined by s. 1009.21(1)(a), Florida Statutes, is someone who has maintained legal residence in Florida for at least the past 12 consecutive months and provides more than 50% of their own support. An independent student generally includes a person who is at least 24 years old, married, a graduate or professional student, a veteran, a member of the armed forces, a ward of the court, or someone with legal dependents other than a spouse, pursuant to the United States Department of Education for the purposes of federal financial aid eligibility. There may be limited cases where a person under the age of 24 years old may qualify as an independent student. Such students will be required to verify independence (including financial independence.) If you are an independent student then a copy your tax return may be requested to establish independence.

As provided in s. 1009.21, Florida Statutes, I meet residency requirements by one of the previous qualifications by exceptions.

I have read the residency information on qualifying as a dependent or independent student as defined by s. 1009.21(1)(a), Florida Statutes, and declare that I am:

To Be Completed by the Claimant / Person Claiming FL Residency

> If the student is a **dependent**, then the parent is the claimant and will complete this section and provide evidence of residency supporting the claim. No single document shall be conclusive in establishing residency. Additional documentation, other than what is prescribed, may be requested in some cases. All documentation provided is subject to verification. Evidence of ties to another state may result in denial of Florida residency for tuition purposes.
